How it works

- 1 Initiate your expert medical opinion through the Teladoc app, website, or by phone to start a case.
- 2 We'll coordinate your review with a team of specialists and guide you through next steps.
- 3 Receive a report with clinical guidance and recommendations to help you make a confident medical decision.

"I really appreciate all the work you went through to get this report for me."

A member in his early 30s was suffering from a chronic ankle bone lesion and nerve damage. His initial orthopedist recommended surgery, so he requested an Expert Medical Opinion.

The expert instead recommended that the member opt for a two-week trial of a short leg walking cast, which resulted in avoiding surgery.
