

Leadership of any kind requires trust and transparency, and voters should demand no less from their leadership in the union.

Melanie Lysack

for 998 Treasurer

YOU HAVE A RIGHT TO KNOW WHERE YOUR UNION DUES ARE GOING.

I have been with Manitoba Hydro and CUPE for over 15 years. During this time, I have seen changes within and beyond the workplace that have made me realize that progress and revitalization are overdue: to safeguard the best interests of our members and prioritize working conditions. I believe in barrier-free access to information, and so have joined up with our leadership candidate team.

If elected Treasurer, I would initiate a full analysis of discretionary spending, assets and liabilities, and ensure that member dues are being allocated appropriately and reflective of our locals' needs. With our team, we will account for budget proposals, incurred debt, and smart investments that will strengthen our local's financial health for years to come.

I embrace that there is always more to learn about financial management and best practices. I am committed to expanding my knowledge and skills to effectively fulfill my responsibilities.

OUR COMMITMENT:

- ✓ **Fiscal responsibility:** Costs should be reasonable and communicated to members.
- ✓ **Accountability:** Books should be open to members, and ours will be.
- ✓ **Member Collaboration:** Welcoming member inquiries regarding our financial management. Open dialogue is essential for building trust and solidarity.

We will fight for you and beside you.

Your vision is our mission.
