

Celebrating Our Retiring Members

At CUPE Local 998, we are proud to recognize the lifelong contributions and dedication of our members. Retirement is a significant milestone, marking the close of one chapter and the beginning of another. It is a time to celebrate the hard work, solidarity, and years of service that have strengthened our Local and made a lasting impact in our workplaces.

Retirement Gift Program

In recognition of this commitment, CUPE Local 998 provides a retirement gift to members who are reaching retirement age, as well as to those who become incapacitated (including death). This gift is offered to members who:

- Are in good standing and free from delinquency in the union, and
- Have been signed members for at least one (1) year.

The retirement gift ranges from **\$50.00 to \$500.00**, prorated based on **25 years of CUPE seniority**. This gesture is made on behalf of all members of the Local, as a token of appreciation for a lifetime of solidarity and dedication. In the event of a member's passing, the gift will be paid to their estate.

A Positive Note

Retirement is more than just the end of work—it is the beginning of new opportunities. Many of our retired members continue to contribute to their communities, spend cherished time with family, and pursue long-awaited passions. Their journey reminds us that union values—fairness, respect, and solidarity—extend far beyond the workplace.

We thank every retiring member for the legacy they leave behind and for the example they set for future generations of CUPE 998 members. May this next chapter bring rest, joy, and fulfillment.
